1. Introduction

1.1 Background

Government of Meghalaya had set a vision that by the time diamond jubilee of the statehood in 2032 is celebrated, Meghalaya must be among the top 10 states in terms of per capita income and achievement of sustainable development goals. The realization of this vision hinges on the State being able to create opportunities for every citizens of the State to grow to the best of the potential. This means that every infant in the State has access to quality nutrition and parental care. That there is an enabling ecosystem where their cognitive development happens, and they can achieve their potential as adults to the fullest. It means that every child goes to a school where learning is a joy, and where the building blocks of them becoming innovators and achievers in society are built. It means that every young adult has access to the opportunities to realize their potential, whether it is in becoming an artist, a musician, a scientist or a sports person. It means that every mother has access to the best healthcare at every step, right from conception, to pre and postnatal stages. That even in the remotest of areas, the citizens are able to access quality and affordable healthcare. Where the elderly get the best social support and health facilities. It also means that there are roads and internet connectivity in every village and that there is uninterrupted and reliable electricity and water supply to every village so that enterprises and other facilities can be set up even in the rural areas. Where all the towns are smart towns powered by technology and sustainable systems, and they become hubs for businesses, education and health facilities. Where every farmer is able to get a fair price and market their produce to national and international markets without exploitation.

Further to this, the Government has set an ambitious Goal to achieve 10 Billion \$ GSDP by 2028 as a natural step towards realization of the vision. In order to achieve the same, the Government has taken several steps in Farmers Welfare, Entrepreneurship, Digital Government, Education, Social Welfare, Road Connectivity and many others.

The Government believes that there is a need to understand, analyse and assess the actions taken in this direction. There is a further need to assess the gap in realization of the vision. For this purpose a reputed strategy consulting firms needs to be engaged. The task of the firm would be:

- Undertake Macroeconomic analysis of Meghalaya
- Perform comparative case Studies with recommendations for adoptions
- Derive sectoral strategies for focussed sectors
- Formulate a PPP Action Report
- And recommend the operating model for an economic analysis wing of Government of Meghalaya

For this purpose, Planning, Investment Promotion & Sustainable Development Department would be the nodal implementing agency. The department would engage services of relevant partners to perform the task.

Due Diligence by Bidders

- 1.2.1. Bidders may before submitting their Proposals, examine the requirements at their own expense and obtain and ascertain for themselves, at their responsibility and other information necessary for preparing their Proposals.

Conflict of Interest

- 2.1.5. A Bidder shall not have a conflict of interest that may affect the Selection Process or the Services (the “Conflict of Interest”). Any Bidder found to have a Conflict of Interest shall be disqualified. In the event of disqualification, the Authority may claim as mutually agreed genuine pre-estimated compensation and damages payable to the Authority for, inter alia, the time, cost and effort of the Authority including consideration of such Bidder’s Proposal, without prejudice to any other right or remedy that may be available to the Authority hereunder or otherwise.
- 2.1.6. The Authority requires that the bidder to provide professional, objective, and impartial advice and always hold the Authority’s interest’s paramount, avoid conflicts with other assignments or its own interests, and act without any consideration for future work. The bidder shall not accept or engage in any assignment that would be in conflict with its prior or current obligations to other clients, or that may place it in a position of not being able to carry out the assignment in the best interests of the Authority.
- 2.1.7. A Bidder shall be deemed to have a Conflict of Interest affecting the Selection Process, if:
- a. the Bidder or Associate (or any constituent thereof) have common controlling shareholders or other ownership interest; provided that this disqualification shall not apply in cases where the direct or indirect shareholding or ownership interest of a Bidder, its Member or Associate (or any shareholder thereof having a shareholding of more than 5 per cent of the paid-up and subscribed share capital of such Bidder, Member or Associate, as the case may be) in the other Bidder, its Associate is less than 5% (five per cent) of the subscribed and paid-up equity share capital thereof; provided further that this disqualification shall not apply to any ownership by a bank, insurance company, pension fund or a public financial institution referred to in section 4A of the Companies Act,1956. For the purposes of this Clause, indirect shareholding held through one or more intermediate persons shall be computed as follows: (a) where any intermediary is controlled by a person through management control or otherwise, the entire shareholding held by such controlled intermediary in any other person (the “**Subject Person**”) shall be taken into account for computing the shareholding of such controlling person in the Subject Person; and (b) subject always to sub- clause (a) above, where a person does not exercise control over an intermediary, which has shareholding in the Subject Person, the computation of indirect shareholding of such person in the Subject Person shall be undertaken on a proportionate basis; provided, however, that no such shareholding shall be reckoned under this sub-clause (b) if the shareholding of such person in the intermediary is less than 26% (twenty six per cent) of the subscribed and paid up equity shareholding of such intermediary; or
 - b. a constituent of such Bidder is also a constituent of another Bidder; or
 - c. such Bidder or its Associate receives or has received any direct or indirect subsidy or grant from any other Bidder or its Associate; or
 - d. such Bidder has the same legal representative for purposes of this Application as any other Bidder; or

- e. such Bidder has a relationship with another Bidder, directly or through common third parties, that puts them in a position to have access to each other's information about, or to influence the Application of either or each of the other Bidder; or
- f. there is a conflict among this, and other assignments of the Bidder (including its personnel) and any subsidiaries or entities controlled by such Bidder or having common controlling shareholders. The duties of the bidder will depend on the circumstances of each case. While providing services to the Authority for this particular assignment, the bidder shall not take up any assignment that by its nature will result in conflict with the present assignment; or
- g. the Bidder, its Member or Associate (or any constituent thereof), and the bidder or Concessionaire, if any, for the Project, its contractor(s) (or any constituent thereof) have common controlling shareholders or other ownership interest; provided that this disqualification shall not apply in cases where the direct or indirect shareholding or ownership interest of an Bidder, its Member or Associate (or any shareholder thereof having a shareholding of more than 5% (five per cent) of the paid up and subscribed share capital of such Bidder, Member or Associate, as the case may be,) in the bidder or Concessionaire, if any, or its contractor(s) is less than 5% (five per cent) of the paid up and subscribed share capital of such Concessionaire or its contractor(s); provided further that this disqualification shall not apply to ownership by a bank, insurance company, pension fund or a Public Financial Institution referred to in Section 4A of the Companies Act, 1956. For the purposes of this sub-clause (g), indirect shareholding shall be computed in accordance with the provisions of sub-clause (a) above. For purposes of this RFP, Associate means, in relation to the Bidder, a person who controls, is controlled by or is under the common control with such Bidder (the "Associate"). As used in this definition, the expression "control" means, concerning a person which is a company or corporation, the ownership, directly or indirectly, of more than 50% (fifty per cent) of the voting shares of such person, and with respect to a person which is not a company or corporation, the power to direct the management and policies of such person by operation of law or by contract.

Number of Proposal

No Bidder shall submit more than one proposal for the work.

Cost of Proposal

The Bidders shall be responsible for all the costs associated with the preparation of their Proposals and their participation in the Selection Process including subsequent negotiation, visits to the Authority, Project site etc. The Authority will not be responsible or in any way liable for such costs, regardless of the conduct or outcome of the selection Process.

Acknowledgement by Bidder

2.1.8. It shall be deemed that by submitting the Proposal, the Bidder has:

- made a complete and careful examination of the RFP;
- received all relevant information requested from the Authority;
- acknowledged and accepted the risk of inadequacy, error or mistake in the information provided in the RFP or furnished by or on behalf of the Authority or relating to any of the matters referred to in RFP;

- satisfied itself about all matters, things, and information, including matters referred to in RFP hereinabove, necessary and required for submitting an informed Application and performance of all its obligations thereunder;
 - acknowledged that it does not have a Conflict of Interest; and
 - agreed to be bound by the undertaking provided by it under and in terms hereof.
- 2.1.9. The Authority shall not be liable for any omission, mistake, or error on the part of the Bidder in respect of any of the above or on account of any matter or thing arising out of or concerning or relating to RFP or the Selection Process, including any error or mistake therein or in any information or data given by the Authority.

Right to Reject any or all Proposals

- 2.1.10. Notwithstanding anything contained in this RFP, the Authority reserves the right to accept or reject any proposal and to annul the Selection Process and reject all Proposals, at any time without any liability or any obligation for such acceptance, rejection, or annulment, and without assigning any reasons thereof.
- 2.1.11. Without prejudice to the generality of RFP, the Authority reserves the right to reject any Proposal if, at any time
- a. Material misrepresentation is made or discovered, or
 - b. The Bidder does not provide, within the time specified by the Authority, the supplemental information sought by the Authority for evaluation of the Proposal.
 - c. The Authority reserves the right to sought clarification on any part of the Technical Proposal and bidder need to respond within 1-day time for consideration whereas authority reserves full right to accept or reject the additional information submitted.

Misrepresentation/ improper response by the Bidder may lead to the disqualification of the Bidder. If such disqualification/rejection occurs after the Proposals have been opened and the highest-ranking Bidder gets disqualified/rejected, then the Authority reserves the right to consider the next best Bidder or take any other measure as may be deemed fit in the sole discretion of the Authority, including annulment of the Selection Process.

Force Majeure

- 2.1.12. The selected bidder shall not be liable for forfeiture of its performance bank guarantee, liquidated damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract in suit of an event of Force Majeure
- 2.1.13. For purposes of this Clause, “Force Majeure” means an event beyond the control of the and not involving bidder’s fault or negligence and not foreseeable. Such events may include but are not restricted to, acts of the Department in its sovereign capacity, wars or revolutions, fires, floods, pandemics, epidemics, quarantine restrictions, and freight embargoes
- 2.1.14. If a Force Majeure situation arises, the bidder shall promptly notify the Department in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser inwriting, the bidder shall continue to perform its obligations under the Contract as far as is

reasonably practical and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

- 2.1.15. If an event of Force Majeure continues for a period of one hundred and eighty (180) days or more, the parties may, by mutual agreement, terminate the Contract without either party incurring any further liabilities towards the other with respect to the Contract, other than to effect payment for goods/services already delivered or performed.

Dispute Resolution

- 2.1.16. In case any dispute or difference arises out of or in connection with or the carrying out of works (whether during the progress of the works or after their completion and whether before or after the termination, abandonment, or breach of contract) except as to any of the accepted matters, provided hereunder, the parties hereto, shall first endeavour to settle such disputes of differences amicably.
- 2.1.17. If both the parties fail to reach such amicable settlement, then either party (the Purchaser or Contractor) may (within 28 days of such failure) give a written notice to the other party requiring that all matters in dispute or difference be arbitrated upon. Such written notice shall specify the matters which are indifference or differences of which such written notice has been given, and no other shall be referred to the arbitration of a single arbitrator, to be appointed by both the parties or in case of disagreement as to the appointment of a single arbitrator, to that of two arbitrators, one to be appointed by each party or in case of said arbitrators not agreeing then, to the umpire to be appointed by the arbitrators in writing before entering upon the references. Provisions of Indian Arbitration and conciliation Act, 1996 or any statutory modification or re-enactment thereof and rules framed there under from time to time shall apply to such arbitration.
- 2.1.18. The venue of arbitration shall be Shillong, Meghalaya.
- 2.1.19. The arbitrator or arbitrators appointed under this Article shall have the power to extend the time to make the award with the consent of parties.
- 2.1.20. Pending reference to arbitration, the parties shall make all endeavour to complete the work in all respects and all disputes, if any will finally be settled in the arbitration.
- 2.1.21. Upon every or any such references to the arbitration, as provided herein the cost of and incidental to the reference and Award respectively shall be at the discretion of the Arbitrator, or the umpire.
- 2.1.22. The award of Arbitrator or Arbitrators, as the case may be, shall be final and binding on the parties. It is agreed that the Contractor shall not delay the carrying out of the works by reason of any such matter, question or dispute being referred to arbitration, but shall proceed with the works with all due diligence. The Purchaser and the Contractor hereby also agree that arbitration under this clause shall be the condition precedent to any right of action under the contract except for as provided for in the Tender.

3. Preparation and Submission of Proposal

Language

Technical Evaluation Calculation

The highest technical scored by the bidder will be awarded 100 points. The technical scores of other Bidders will be calculated as:

$$T_n = (T_s / T_h) \times 100$$

Where

T_n = Normalized Technical score of the bidder under consideration

T_s = stands for the technical score of bidders under consideration

T_h = stands for Highest Technical Score

Shortlisting of Bidders

- 5.1.3. All the bidder having scored more than **70** shall be considered as short-listed bidder for financial evaluation in the second stage. However, if the number of such Pre-Qualified Bidders is less than two, the Authority may, in its sole discretion, Pre-Qualify the Bidder(s) whose technical score is less than 70 percent marks even if such Bidder(s) do(es) not qualify in terms of RFP; provided that in such an event, the total number of Pre-Qualified and short-listed Bidders shall not exceed two.

Technical Presentation

- 5.1.4. All shortlisted bidders would be invited for technical presentation within one week of technical evaluation. The presentation would be facilitated in digital channels through video conferencing. The date, time and details will be communicated two days prior to the schedule.

Evaluation of Financial Proposal

- 5.1.5. In the second stage, the financial evaluation will be carried out as per this RFP each Financial Proposal will be assigned a financial score.

- 5.1.6. For financial evaluation, the total cost indicated in the Financial Proposal will be considered. The bid price will include all taxes and levies and shall be in Indian Rupees and mentioned separately.
- 5.1.7. The Authority will determine whether the Financial Proposals are complete and unconditional. The cost indicated in the Financial Proposal shall be deemed as final and reflecting the total cost of services. Omissions, if any, in costing any item shall not entitle the firm to be compensated and the liability to fulfil its obligations as per the scope of work within the total quoted price shall be that of the Bidder. The lowest Financial Proposal (Fm) will be given a financial score of 100 points. The financial scores of other proposals will be computed as follows:

The lowest financial offer will be awarded 100 points. The Price scores of other Bidders will be calculated as:

$$F_n = (F_m/F_b) \times 100$$

Where

F_n = Normalized financial score of the bidder under consideration

F_b = Price quoted by the bidder under consideration

F_m = Lowest price quoted

As described in the section Technical Evaluation Calculation.

Final Evaluation Using QCBS (70:30)

- 5.1.8. Bid evaluation committee will evaluate and compare the bids determined to be substantially responsive. It is bid evaluation committee's intent to select the proposal that is most responsive to the project needs, and each proposal will be evaluated using the criteria and process outlined in this section.
- 5.1.9. Technical bids shall be examined by the bid evaluation committee with respect to compliance, completeness, and suitability of the proposal to the project and only the bids which are in compliance to the requirements mentioned in the RFP shall be considered as technically qualified.
- 5.1.10. Total bid evaluation: Only the commercial bids of those bidders qualified in the technical evaluation shall be opened. Commercial bids of the other bidders will not be opened.
- 5.1.11. The evaluation shall be strictly based on the information and supporting documents provided by the bidders. It is the responsibility of the bidders to provide all supporting documents as listed in forms necessary to fulfil the mandatory eligibility criteria.

The Bids received will be evaluated using the Quality cum Cost Based Solution (QCBS)

After the Technical evaluation, the evaluation committee will evaluate each of the Technically Qualified bidders' response based on technical and commercial parameters. The weightage of the technical and commercial parameters will be in the ratio of **70:30**, respectively. For calculation of the combined Technical and Price Score of all bidders, the following formula will be used:

$$\text{Total Score} = T_n + F_n$$

Bidder scoring highest "Total Score" will be given the highest priority and will be selected.

- 5.1.12. In case of tie, the bidder securing higher Technical Score would be given preference. The Selected Bidder shall be the first ranked Bidder (having the highest combined score). The second-ranked Bidder shall be kept in reserve and may be invited for negotiations in case the first ranked Bidder withdraws or fails to comply with the requirements specified in the RFP.

6. Appointment

Award of Work

After selection, a Letter of Intent (the “LOI”) shall be issued, in duplicate, by the Authority to the Selected Bidder and the Selected Bidder shall, within 7 (seven) days of the receipt of the LOI, sign and return the duplicate copy of the LOI in acknowledgement thereof. In the event the duplicate copy of the LOI duly signed by the Selected Bidder is not received by the stipulated date, the Authority may unless it consents to the extension of time for submission thereof, appropriate the Bid Security of such Bidder as mutually agreed genuine pre-estimated loss and damage suffered by the Authority on account of failure of the Selected Bidder to acknowledge the LOI, and the next highest ranking Bidder may be considered.

Performance Bank Guarantee

On selection, the successful bidder shall submit, a PBG of 5% of the contract value, on the day of signing the Contract. The PBG format would be provided to the successful bidder.

Execution of Agreement

After acknowledgement of the LOA as aforesaid by the Selected Bidder, it shall execute the Agreement within the period specified in LOA. The Selected Bidder shall not be entitled to seek any deviation in the Agreement

Deployment and Project Initiation

The Consultant shall commence the Services at the Project site within 10 (ten) days of the date of the issuance of LOI or such other date as may be mutually agreed. Vision: Top 10 in 10 years

Government of Meghalaya had set a vision that by the time diamond jubilee of the statehood in 2032 is celebrated, Meghalaya must be among the top 10 states in terms of per capita income and achievement of sustainable development goals. The realization of this vision hinges on the State being able to create opportunities for each one of the State to grow to the best of the potential. This means that every infant in the State has access to quality nutrition and parental care. That there is an enabling ecosystem where their cognitive development happens, and they can achieve their potential as adults to the fullest. It means that every child goes to a school where learning is a joy, and where the building blocks of them becoming innovators and achievers in society are built. It means that every young adult has access to the opportunities to realize their potential, whether it is in becoming an artist, a musician, a scientist or a sportsperson. It means that every mother has access to the best healthcare at every step, right from conception, to pre and postnatal stages. That even in the remotest of areas, the citizens are able to access quality and affordable healthcare. Where the elderly get the best social support and health facilities. It also means that there are roads and internet connectivity in every village and that there is uninterrupted and reliable electricity and water supply to every village so that enterprises and other facilities can be set up even in the rural areas. Where all the towns are smart towns powered by technology and sustainable systems, and they become hubs for businesses, education and health facilities. Where every farmer is able to get a fair price and market their produce to national and international markets without exploitation.

Further to this, the Government has set an ambitious Goal to achieve 10 Billion \$ GSDP by 2028 as a natural step towards realization of the vision. In order to achieve the same, the Government has taken several steps in Farmers Welfare, Entrepreneurship, Digital Government, Education, Social Welfare, Road Connectivity and many others.

The Government believes that there is a need to understand, analyse and assess the actions taken in this direction. There is a further need to assess the gap in realization of the vision. For this purpose a reputed strategy consulting firms needs to be engaged. The task of the firm would be:

- Undertake Macroeconomic analysis of Meghalaya
- Perform comparative case Studies with recommendations for adoptions
- Derive sectoral strategies for focussed sectors
- Formulate a PPP Action Report
- And recommend the operating model for an economic analysis wing of Government of Meghalaya

For this purpose, Planning, Investment Promotion & Sustainable Development Department would be the nodal implementing agency . The department would engage services of relevant partners to perform the task

Action Agenda

a) Meghalaya is one of India's seven north eastern states nestled in Garo, Khasi and Jaintia Hills. The state shares its border to the north and the east with the state of Assam and to the south and the west with Bangladesh. The state has a population of 33.2 lakhs constituted mostly of tribal communities. About 80% of Meghalaya's population lives in its 6,500 sparsely populated villages. The average number of households in a village is approximately 90 which is much lower than the national average of 250 households.

b) The gross state domestic product (GSDP) of Meghalaya at FY 2022-23 prices stands at INR 41,010 crores with a CAGR of 5.61% between 2015-16 and 2020-21. The primary sector contributes about one-third of the states GSDP with two-thirds of the population engaged in agriculture and allied activities.

c) However, there are several topographical, structural and economic challenges in taking Meghalaya's GSDP to maximal levels. For example, given Meghalaya's status as a 6th Schedule state, majority of its population is exempted from taxation. As a result, State's own revenue receipts account for only 20% of its total revenue receipts. Formal credit network is also limited in the state with a banking coverage ratio of 16.23 per 1000 square Km as against a national average of 45.62.

d) The Government of Meghalaya is making several concerted efforts to increase the GSDP of the state over the next 5 years and make it one of the top 10 performing states in India. To achieve this, the Government plants to increase the share of revenue from the state's own resources to 30% over the next 5 years.

e) The Government has pledged to upgrade and construct the best-in-class infrastructure at all the blocks and administrative units. The Government will fast-track discussions with militant groups within the ambit of the Constitution of India to reach workable solutions in order to establish long lasting peace. The Meghalaya Enterprise Architecture system which received commendation from the United Nations, will be expanded to cover governance up to the grassroots level for more robust and citizen-centric governance. The Government will set up 1,000 'Chief Minister's Facilitation Centres' to improve service delivery and bring governance to the doorstep of the residents. The Government will also establish a cadre of Village Community Facilitators (VCFs) in each of the 6,500+ villages for last-mile delivery of government services. The Government will set up a CM Helpline for quick grievance redressal for the residents of the State. The Government will ensure that all government employees undergo capacity-building programs to equip them in tackling exigencies of the digital age. In line with the Meghalaya Right to Public Service Delivery Act, the Government will further expand, strengthen and ensure the time-bound delivery of public services to the people.

f) As part of its efforts to be among the top ten states in India, the Government will endeavour to increase the GSDP of Meghalaya; make efforts to raise the State's per capita income and substantially increase the public expenditure over the next 5 years with an enhanced focus on social sectors. The Government will systematically increase the capital expenditure from the current levels of about 16% to 25% over the next 5 years; enhance additional resource mobilization of about Rs. 10,000 crores from external funding agencies for infrastructure development to improve connectivity, tourism, power and water harvesting and for natural resource management; attract investments from the private sector by operationalizing the State PPP policy through community participation and ensuring protection of their interests. The Government will work on measures to increase the share of revenue from Meghalaya's own resources to 30% over the next 5 years. With a focus on looking South as part of the Act East Policy, the Government will make efforts to further improve border infrastructure and connectivity to improve trade with Bangladesh by setting up more LCS, ICPs and border haats. To ensure balanced regional development, the Government will establish economic growth centres and logistics hubs in different districts of the State. The Government will put in place a new industrial policy regime which is attractive and investor friendly. The single window system will be revamped to improve Ease of Doing Business and to make it easier for enterprises to set up and operate in the State.

g) Given the centrality of the youth in achieving the developmental vision of the State, the Government will continue prioritizing their growth and creation of opportunities. To engage the youth, the YESS Meghalaya program will be expanded to cover every youth organization in the State and provided with a support of up to Rs. 1 lakh every year. The Government will create 5 lakh jobs and employment opportunities with special focus on the tourism, agro-processing and knowledge/digital sectors; make efforts to enhance employment opportunities in rural areas to prevent the distress migration; incentivize and attract companies in the IT/ITES/BPO/KPO/Digital sectors to set up businesses in Meghalaya; set up a corpus fund to support the youth engaged in the creative sectors of

music, film-making and fashion; continue to give high priority to entrepreneurship as a means of generating jobs and employment. The Government will set up a knowledge/tech city in New Shillong and in other parts of the State to further attract investments in the private sector. The Government will set up/upgrade support centres in major cities of the country where the youth migrate for education/jobs; set up a youth helpline to counsel, inform and educate the youth on career, education, government programs, substance abuse etc.

h) Having been recognized and awarded as the top-performing State in the National Startup Ranking Framework - 2021 the Government will continue to build on this ecosystem with a multifold increase in investments in the startup sector. The Government will introduce entrepreneurship concepts and modules at the school and college level entrepreneurs shall be provided support to network with other entrepreneurs and investors via national and international exchange programs/exposure trips. The current network of PRIME hubs will be expanded to 100 centres by 2028. These PRIME hubs will also be developed as skilling and career counselling centres.

i) The Government will create world-class sporting infrastructure, promote indigenous sports and create pathways for the youth to excel in sports. The Government will also create opportunities for the youth to achieve competitive excellence and improve their overall health and fitness. The Government will continue to take up new large infrastructure projects in every district headquarters; set up basic sports infrastructure at all block headquarters and prominent locations; set up world-class academies for football & other sporting disciplines. Under the STAR program for talent identification, the Government will identify 1,000 more sportspersons who will then undergo a rigorous training program to build the competitive edge and spirit to compete and to excel at national and international events. The Government will further enhance the sportsperson scholarships and awards to encourage sportspersons to further excel in the field of sports. Meghalaya will host prestigious national and international sporting events so that Meghalaya is recognized as an important sporting destination both in the region & in the country.

j) The Government will set up dedicated multi-sectoral skill parks at Shillong, Tura and in other parts of the State. The Government will upgrade skill development programs to train more people annually with a special focus on making them job-ready. The Government will also continue to train more youth on various aspects of soft skilling every year. The Government will promote skilling in employable and sustainable livelihood sectors such as tourism, agro-processing, and organic agriculture. The Government will also prioritize skill development in emerging sectors like IT, multimedia, robotics, AI and animation. The Government will initiate youth exposure trips and youth exchange programs and facilitate the establishment of professional, well-reputed coaching centres to prepare the state's youth for various competitive examinations.

k) The Government will augment its efforts towards increasing farmers' income; transform from a low-value-low-volume crop cycle to a high-value agri-horti hub; enhance the production of niche crops; reduce wastage in the agricultural sector and ensure optimal prices for farmer products. The successfully launched farmers FOCUS program will be expanded to cover all eligible households; similarly, the FOCUS+ program shall be continued. To expand market infrastructure, the existing network of Village Cooperative Societies and Collective Marketing Centres (CMCs) will be strengthened and expanded; CMCs will be developed as a one-stopshops for providing assistance to farmers; additional Custom Hiring Centres (CHCs) will be set up to further increase mechanization in agriculture. The Government will initiate the 'Chief Minister's - Farm to Plate' outlets in urban areas to facilitate the sale of fresh produce from rural areas at subsidized rates; veterinary clinics will be set up in all the blocks. The Government will establish more goods ropeways for farmers in deep gorges and valleys so as to reduce the burden in the transportation of their products. To create more markets for Meghalaya's farmers the government will continue with its focus on allied agricultural activities through mission-mode interventions. The Government will strengthen the products procurement

system to enhance the benefits of the farmers. The Government will encourage farming of high value cash crops with high export potential; explore markets with better price realization; set up agri-logistical hubs near the airports to facilitate exports of fresh agri-produce to wider markets. The Government will continue with the successful scheme of providing agri-response vehicles at 50 percent subsidy to farmers and farmers groups. The Government will work towards a gradual transition to increase organic agriculture in Meghalaya; introduce agr-insurance against crop damage; establish dedicated colleges for dairy technology, fisheries and veterinary to train the local youth and to provide employment.

l) The women of Meghalaya are the most critical stakeholders in the development. The government will continue to take steps to make them self-reliant, confident and progressive. To economically empower women, the Government has facilitated the phenomenal growth of the self-help group movement in the State; the Government will endeavour to create business opportunities for the SHGs in the cottage industries and channel government procurement and service deliveries through SHGs; the Government will implement mission mode programs to benefit women weavers and artisans working on eri, muga and other traditional textiles. The tremendous response and participation of women in the startup ecosystem in the State have positively impacted the PRIME program. To boost this program, women entrepreneurs shall receive additional support of 50% over and above the mandated grants/support. In the health sector, the institutional delivery in the State has increased from 46% in 2018 to 64% in 2022. The Government will make efforts to increase institutional deliveries to 90% over the next 5 years; the Government will also make every endeavour to bring down the infant and maternal child mortality rates to below the national average by 2028.

m) In continuation of the focus on improving road connectivity, the Government will increase the investments in the roads sector; improve and upgrade road connectivity for the seamless movement of people and goods among various economic, administrative and tourist centres; and significantly enhance the investments earmarked for periodic repair and maintenance of rural roads, major district roads and State highways. The Government will introduce the Chief Minister's Village Connectivity Scheme to ensure that the villages not covered under PMGSY are connected by all-weather motorable roads. The Government will replace all the timber bridges in the State with RCC/steel bridges; the Government will also construct suspension bridges across streams and rivers to facilitate seamless movement of people especially during the monsoon season.

n) In keeping with the commitment to improve air connectivity, the Government has operationalised the Umroi airport presently with direct air connectivity to 8 cities including Kolkata. The Government will operationalize the Baljek airport in Tura; and the Government will make efforts to either expand the existing airport or build a new larger airport to enable landing of larger aircraft carriers. The Government will operationalize heliports in the State across the major administrative and tourist centres to improve connectivity for tourists and health emergencies.

o) The Government will ensure that all villages have seamless mobile and internet networks and also ensure free WiFi in public spaces including major market areas, hospitals, educational institutions and tourist spaces across the State. The Government has built the Shillong IT Park which has led to the creation of employment opportunities for 1,500 persons. The Government will build the second phase of the IT Park and create more employment opportunities. The Government will promote the content creators who are involved in short films, music videos, and web series through a dedicated web and app-based Over The Top (OTT) platform.

p) The Government will endeavor to increase Meghalaya's power generation capacity to meet the growing demands of the domestic, agricultural and industrial sectors and will continue with the reforms in the power sector. The Government will ensure that the share of renewable sources of energy increases in the power mix. The Government will incentivize the usage of solar panels for domestic consumption.

q) The Government has been among the best-performing states in providing tapped water connection to rural households. The number of households with tapped water connectivity has increased from 4,500 to 2,80,000 over the last three years. The Government will ensure that all the rural households in the State have tap water connection. The Government will continue to follow a sustainable water management policy with community participation by protecting and regenerating catchment areas and natural water bodies, adopting water harvesting techniques and constructing conservation structures to meet the increasing demand for water.

r) The Government will strive to improve the coverage of quality healthcare infrastructure across the State with an improved focus on increasing insurance coverage and reduction in out-of-pocket expenditure. It will continue to improve, expand & build health care infrastructures across the State. The Government will set up 'Chief Minister's Affordable Drug Centres' to provide high-cost medicines at subsidized rates. The Government will continue to improve maternal and child health by making efforts to reduce teenage pregnancy, increase institutional deliveries and reduce the infant mortality rate. It will make early childhood development initiatives and curricular integral to every health and anganwadi centre. The Government will increase the number of health and wellness centres in rural areas; it will enable technology-based interventions from sub-centres to district hospitals ensuring a continuum of care. It will assure every household has access to Megha Health Insurance Scheme. In accordance with the Mental Health and Social Care Policy the Government will provide access to mental health care through a 24*7 helpline; develop a dedicated program to work on adolescent health; endeavour to make Meghalaya drugs free and initiate rehabilitation programs. The Government will take initiative to establish a state-of-the-art institution to support and improve the indigenous system of medicine and health care system.

s) The Government will endeavour to rationalize the overall system of education in the State and work towards resolving pending issues. It will continue with the initiative to improve infrastructure of all the 2,000 government schools; prioritize the quality of education and improve quality at all levels; enhance digital learning in schools across the State. The Government will continue to support students through technology driven interventions, revised, updated and contemporary curriculum and provide incentives for higher and professional studies.

t) The Government will leverage on Meghalaya's natural and cultural advantages and make tourism the engine of economic growth thereby creating employment for the youth. To boost infrastructure and support to tourism, the government will upgrade and create new tourist infrastructures in different regions thereby creating jobs and leading to balanced regional development; it will support the building of 5,000 homestays over the next 5 years by providing up to 70% subsidy. The Government will introduce sustainable means of tourist transportation including luxury vehicles, caravans, electric buses and others to promote sustainable tourism. To promote tourism, the government will brand Meghalaya globally by organizing world-class tourism festivals which combine the rich local culture and tradition with music, sports and arts; it will create new niche tourism products such as caving, cuisine-based, historical, heritage site, agro-tourism, film and music. The Government will create new tourism circuits to maximise the full potential of areas of tourist interest. The Government will increase funding support for promotion and preservation of local culture.

u) The Government will make efforts to improve the quality of livelihood for the residents of urban areas by addressing the issues of potable water, congestion, cleanliness, maintenance of roads and enhanced security. It will develop the New Shillong Township as a knowledge city and connect it to the city centre via a high-speed link. The Government will build a new administrative city and progressively move the administration towards New Shillong, thus creating opportunities for both Shillong & New Shillong to grow and thrive. In addition to newly operationalised bypasses to ease

traffic congestion, the Government will further build a network of bypasses to reduce the pressure on the existing internal roads of Shillong; it will ensure that road maintenance activities in urban areas are taken up on a regular basis. The Government will take up street lighting in all urban areas to ensure zero dark streets, improve safety and promote the pedestrian experience; the Government will develop and implement master traffic management plans for the cities of Shillong, Jowai and Tura as well as for other major towns; it will strive to find permanent spaces for hawkers. The Government will provide a larger fleet of buses including electric buses for safe and sustainable school and public transport to decongest all the urban centres; the Government will continue working with the local communities and expanding the community beautification programs to other urban centres; the Government will continue to make substantial investments in Tura, Jowai and other towns to transform them into smart towns. The Government will set up local theatres in district headquarters and major towns to promote local talent in street plays, dance, drama, music, theatre and film.

v) The Government will continue with its efforts towards the protection and conservation of natural resources along with Meghalaya’s cultural heritage. The Government will take steps to ensure that the livelihood of people engaged in the mining sector is protected; it will continue with the efforts towards ecological restoration of the mine-affected areas. The Government will expand efforts to conserve and improve the health and ecosystem of Meghalaya’s forests by increased spending over the next five years. It will continue with the initiatives of cleaning rivers and pay special attention to the more polluted ones in urban areas.

w) Achieving these objectives requires major steps to be taken by the state government to move forward. It needs some well thought out and long-term strategies on a sustained basis. For carrying out these tasks, the government intends to engage the services of a consulting firm who would develop in-depth understanding of the state’s economy, identify the policy priorities for addressing current shortcomings of the economy and develop sustainable growth strategies for some of the key sectors.
